Director of Public Works.

Tulkarm:

In confirmation of our conversation of yesterday regarding the temporary accommodation required for police personnel to facilitate the evacuation of the existing building so as to enable you to complete the work thereon, I should be grateful, in addition to the acquisition of the hiring now occupied by the Land Settlement at Tulkarm, for your approval to use one of the cells in the new building as a temporary armoury as there is no suitable place in the Land Settlement building for this essential provision. A guard would be maintained over the armoury.

2. I should also be grateful for your formal approval to occupy the new stabling as soon as practicable as it has been reported that some of the horses at present accommodated in the old temporary stabling are suffering from bronchitis.

3. I suggest that the lease of the Land Settlement hiring, due to expire on 1st Moharram next, should be extended on a monthly basis until the new building is ready for occupation.

There is no objection to the present lease on Hiring No. 55 being allowed to lapse.

2. I transcribe below, for your consideration, a passage from a letter received from the Veterinary Officer, Nablus on the subject in question :-

"The old Post Office (State Domain R/Tul/1 (2) proposed by Asst. District Commissioner, Tulkarm, for the accommodation of Agricultural and Stock Inspectors, and Forest Ranger, and their stores, situated opposite the old District Offices, consists of 4 rooms. The front part is now vacant. The rear part is occupied by the Postmaster since a few years. In case the rear part of this building is also evacuated, all of the building will do for the three officers mentioned above, but, many repairs will be required and it is far from the Tegart buildings by about 800 metres. If this building is let and another near the Tegart buildings is leased for these officers, it will be more convenient."

Subject:- Ex-Reformatory School, Tulkarm.

Reference: Your No.D/Tul/9 dated 15.12.40.

I regret that my letter of the 10th December, 1940, did not convey the requisite information. It seems to me from your letter above quoted that there are two points at issue:-

- (a) What portion of the ex-Reformatory School is now occupied by the divisional and other police formations ? and,
- (b) what part of the additional area marked in blue which has not been occupied at all and which will be required in connection with the Tegart building ?

2. With regard to (a) above, all of the area verged in yellow is now occupied by police formations and has been so occupied since September 1933. This area has been extended, in connection with the construction of the Tegart building, to include the contiguous area shown in green and marked 'A'.

3. With regard to (b) the area verged in blue has never been actually occupied by Police but will be definitely required in toto for the purpose of giving effect to the General

P.T.O.

Officer Commanding's directive regarding defensive and offensive tactical requirements in relation to the siting of Tegart buildings.

4. It may be found necessary also to acquire the whole of the area outlined in green on the plan and marked 'C' for the purpose of defence and security as well as for the indispensable provision of playing fields and training ground for the personnel stationed at Tulkarm.

5. Your plan is returned herewith.

Reference:- Director of Land Settlement's
R/TUL/1/1/D of 13.12.40 and your 557
of 12.12.40. - 258

For Government leased buildings the practice has always been to hold the lessors responsible for external maintenance and the lessee (Government) for internal maintenance. In the case of the above State Dossins the Government (represented by the Department of Land Settlement) is the Lessor and Government again (represented by the Central Housing Commission) is the lessee. The District Officers are only tenants.

2. It therefore follows that if the District Officers of Jenin and Tulkara desire to enjoy the same privileges ^{as those} enjoyed by those referred to in G.R. 233, i.e. to have inside and outside maintenance repairs undertaken by Government, they must ^{agree} accept to contribute 10% of their salaries and cost of living allowance in accordance with G.R. 234. Otherwise, if the present procedure of allotting these State Dossins to the said officers at a fixed rental is to continue they, as lessees, must ^{agree} accept to undertake inside maintenance and Government as lessor will only do external work.

3. Will you please let me have the decisions of these two officers together with the views of your District Committee so that matters may be regularised and the necessary instructions issued to the District Engineer, Nablus District, as regards the repairs.

I regret that your letter does not furnish the information required. My inquiry points to finding out what area from the Ex-Reformatory School which was allotted to the Chairman, Central Housing Commission on 10th September, 1938 and shown in blue and yellow on the plan sent to you with my letter D/Tul/9 of 26th November, 1940, is now occupied by you as Divisional Headquarters

Part of the area marked 'C' was allotted to Director of Medical Services on 10th September, 1939, as part of the Hospital and the remainder was allotted to the Chairman, Central Housing Commission on 23rd December, 1939 for use as Reformatory School.

The area verged in red was allotted to the Chairman Central Housing Commission on 20th February 1929 and was used as Class rooms and Dormitories for the Reformatory School. Your letter No. J/107/1 of 1.4.31 to Chairman Central Housing Commission refers.

I am informed that the Seraya building in Tulkarm will soon be vacated and the District and Police Offices will be transferred to the new building about to be completed. It is now suggested that the Seraya building be used for the accommodation of the Elementary-Secondary Boys' School. This will only be a temporary measure which will continue so long as the original building of the Elementary-Secondary Boys' School remains occupied by the military.

What is this from?
7/12
present

It will be remembered that subsequent to the occupation of the original building by the military, arrangements were made to take over three alternative hirings for the accommodation of classes. The three hirings are the property of Ja-iyusi, Nâtur and Ahmad Badawi and the rentals which are paid by the military are respectively LP.4.166, LP.2.500 and LP.2.500 per mensem. Twelve classes are accommodated in these three hirings with a total of 543 students. The classrooms are crowded and the sanitary conditions in the alternative hirings are far from satisfactory.

What is this?
12/12

3. On receipt of your intimation that the proposal contained in para.1 above is accepted in principle, the District Engineer, will be requested to prepare estimates of cost for reconditioning the building, the erection of a sanitary block and the

P.T.O.

execution of certain works necessary to render the building suitable for use as a school. The military will then be approached to provide the funds necessary for this purpose. It is considered reasonable that the military authorities, who under the suggested scheme will be relieved of paying the rentals of the three alternative hirings which amount to LP.110 per month, should contribute the capital expenditure required for reconditioning the Seraya building in Tulkarm.

4. It is too early at this juncture to say with certainty what will happen to the Seraya building when the original premises of the Elementary-Secondary Boys' School are vacated by the military. It seems likely however that the Seraya building will then be used as a hostel for village boys, in which case hiring No.50 Tulkarm, would not be required any more and the amount of LP.120 now paid annually for its rental, would be saved to Government.

When the Tegart Building in Tulkarm is completed and the wholesale movement of Government offices takes place it is intended to dispense with Government hirings there and to install the remaining tenants in State Domain buildings. This can be arranged completely should the lower part of State Domain No. 8/Tul/8, now used by the Police as living quarter, no longer be required by your department.

As you are aware the above hiring which has been leased

at Tulkarm has not been occupied by these officers for over a
year - the officers being now established in State Domain No.D/Tul/8
(the old District Offices).

2. When the wholesale movement of Government Offices,
consequent on the completion of the Tegart buildings takes place,
it is intended to dispense with Government hirings in Tulkarm
by installing Government offices not provided with accommodation
in the new buildings, in State Domain Premises.

3. The Assistant District Commissioner, Tulkarm, suggests
that subject to your approval the Agricultural and Stock Inspectors
and the Forest Ranger, should be accommodated in State Domain
R/Tul/1(2) (the old post office). I suggest therefore that the
present lease on Hiring 55 be allowed to lapse as the member of
your staff can remain where they are until the Tegart Buildings

EXTRACT FROM CHIEF SECRETARY'S FILE

Subject :- Complaint by Farid Ismail el Jayusi
against P.W.D. for digging a well in his
land.

(43).

A.G.

The main facts of this case will be found in paragraphs 1 and 2 of (34). Attention is also invited to the marginal note at (34).

2. The owner now refuses to renew the lease, clause 3 of which provides that the lease shall be for a period from the first day of May, 1937, to the 30th day of April, 1940, with yearly option to renew. (vide the lease at (42a)).

3. I shall be grateful for your advice :-

- (a) as to whether Govt. is or is not entitled under clause 3 to exercise the option after 30th April, 1940.
- (b) If not, whether the only other alternative is the appropriation of either the lease or the site : the main consideration in this respect being that we are anxious (i) not to throw away the Capital of about LP.1,000 such in boring the well and (ii) to keep a hold on the well for the possibility of making use of it readily during the war in case a need for it arises. (Please see in this connection (30) and (36)).

Initialed R.S.H.

30.10.40.

(44)

C.S.

As the lease expired on the 30th April, 1940, without the option to renew being exercised, I do not think Government can now rely on the renewal provision in Clause 3 of the lease.

2. Recourse to expropriation (or threat of expropriation to induce the lessor to agree to give a further lease) appears to be the only alternative if the site upon which the well exists is likely to be put to such use that the well will no longer be in existence or accessible.

3. If there is no such risk and, as appears to be the case, the well, despite the expenditure on it in the past, is unlikely to be wanted except in emergency caused by the war, it would suffice to rely on acquisition of the well under Defence or Emergency Regulations.

Please see from (31).

2. In view of the A.G.'s advice at (44), it appears that Govt. cannot exercise its right to option now.

3. In the circumstances, I suggest that, before terminating the lease, the Chairman Central Housing Commission should be

asked to sound the owner of the land in question in the light of para 2. of (44). The reason for this suggestion being that expropriation later on under Defence or Emergency Regulations might prove considerably more costly to Govt.

4. Proceed accordingly.

The lessor was warned that unless he agreed to renew the lease, expropriation would be resorted to. He was interviewed here and finally agreed to renew the lease for one year as from 1-5-1940 with yearly option of renewal. The lease has in fact been signed by him and is now being executed by me. Subject:- No. 53 Tulkarm P.W.D. Office.
Reference: Your 36/3/8 of 25-9-40.

The Assistant District Commissioner, Tulkarm, reports that the owner of this hiring refuses to renew the lease for less than a year as from 21-11-40, his main objection being that Muharram will be two months elapsed by 31-3-41, the date of the desired termination and it will then be impossible to find tenants for his building for the remaining part of the Moslem year.

2. In view of your letter No. 36 of 15-11-40, modifying your letter No. 36 of 11-10-40, it would appear that the building in question may not be requisitioned under the Defence Regulations as it is occupied only by the Public Works Department.

3. The only alternative would seem to be that the lease should be renewed in accordance with the landlord's wishes. I should be grateful for your instructions.

Subject:- Departmental Accommodation at
Tulkarem.

I was informed that the new District Officer at Tulkarem will not be living in the top storey of the Department of Health Clinic and Ophthalmic Clinic building. If this is the case, I request that the accommodation which is State Domain may be allotted to the Department of Health.

(a) To accommodate the two Department's nurses who are at present living in very unsuitable rooms, which were the kitchens of the building when it was a small Hospital.

(b) To provide a epidemic post for the temporary admission of suspected cases of typhoid fever for observation prior to diagnosis.

This will tend to relieve the Nablus Hospital from the over crowding, which has been so serious a matter during the last 3 years.

2. It would be very undesirable from the Department's point of view if the upper storey of the building were occupied except for Government purposes.

I forward herewith for your information a copy of my letter No.36/3/8 of 24.5.33 to the District Officer Tulkarm. It was on this definite understanding that a lease was accepted and expropriation proceedings not resorted to. It does not help the lessor in any way now to refuse renewing the lease.

2. Government has definitely decided to renew the lease annually until the proposal to erect the Prison is authorised or finally abandoned. If the lessor remains adamant, as he ~~does~~, there will be no alternative but to expropriate the land and make other arrangements for the disposal of the water.

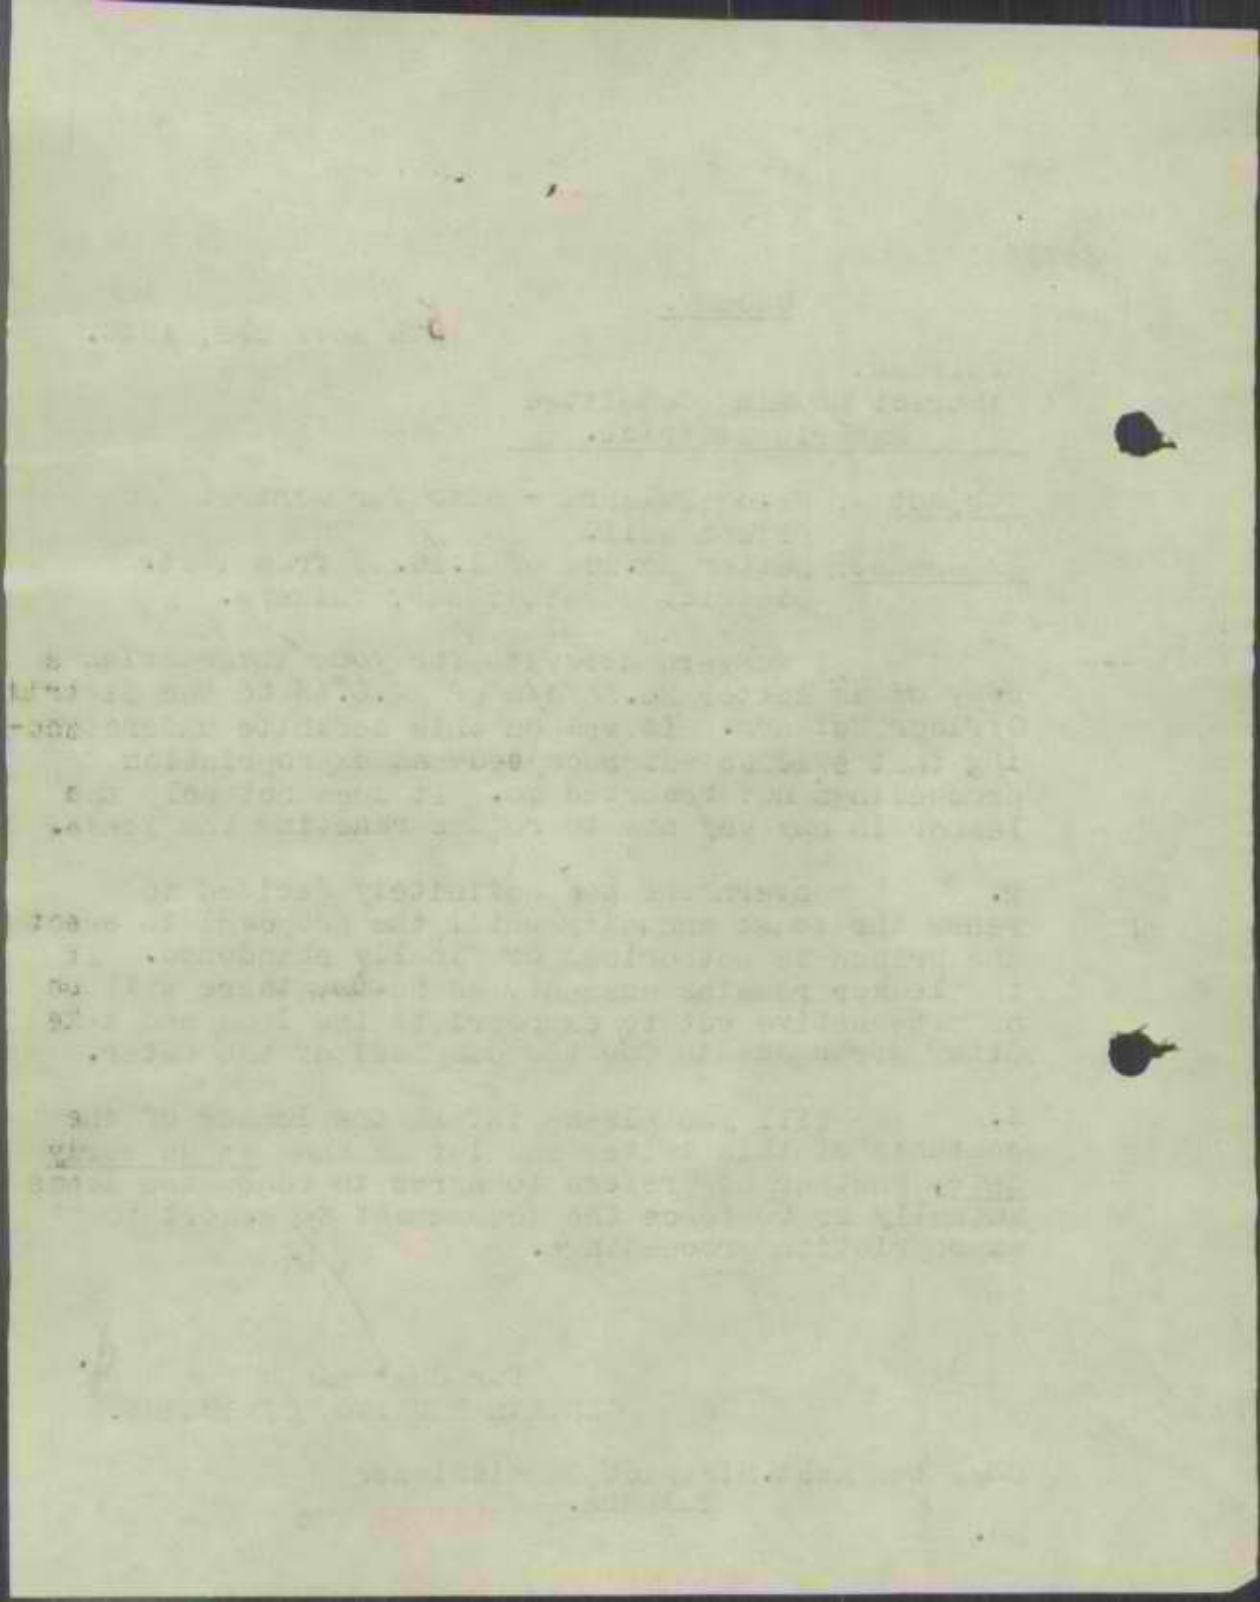

3. Will you please inform the lessor of the contents of this letter and let me know at an early date, whether he prefers to agree to renew the lease mutually or to force the Government to resort to expropriation proceedings.

Subject :- Well on site of Prison Tulkarm.

Reference:- Your 14/33 of 16.5.33
to Engineer i/c Nablus
copy to me.

I am agreeable to pay LP.1 p.a as rent for the land, providing the lessor recognises the Government ownership of the well and water now made available. If he agrees, he may take the water during the period the period of the lease at a purely nominal charge of even 50 * p.a.

2. Government would require such an agreement to be renewed annually until such time as the proposal to erect the Prison is definitely authorised or finally abandoned.

3. The lessor should understand however that in no circumstances will he become the owner of the well, as in the event of the lease not being renewed by him, Government will be asked to expropriate the land on which the well exists, and then other arrangements may be made for the disposal of the water.

Hiring No. 55 Tulkarm - Agricultural Inspectors Office

In a letter to the Asst. Dist. Commissioner, Tulkarm, the Veterinary Officer, Nablus, asserted that one of the conditions required by his department to be fulfilled before this lease was concluded was that certain repairs and essential additions should be effected. In fact, no such condition was made - the misunderstanding arising from ignorance of the date of the agreement, which is actually 1938 and not 1940 as stated by the Veterinary Officer. Early this year the Asst. District Commissioner, Tulkarm, endeavoured unsuccessfully to persuade the landlord to carry out the required repairs. At the moment the Director of Agriculture and Fisheries is taking up the matter with the Public Works Department.

It has now transpired that the official occupiers of this hiring are now established in the old District Offices in Tulkarm, which are State Domain. The fact that the Agricultural Officer had vacated the hiring was not reported to this Commission.

The Chairman, stated that he would personally investigate the situation in Tulkarm. He considered that if the officers concerned were comfortable ensconced in a State Domain in a State Domain building

P.T.O

the lease of which could be allowed to lapse.

| (a) Removing debris | LP. 30.000 |
| (b) Re-fixing ladder | " 2.000 |
| (c) Erecting barbed wire fence 48 M. perimeter and 1.50 M. height with angle iron posts set in concrete, including gate with padlock. | " 20.000 |

2. Item (c) is however not recommended as the fencing originally placed is now non-existent.
Estimate for alternative fencing is as follows:-

- | | |
|--|-------------|
| (a) Composite walling, 30 cm. thick on suitable foundations. | LP. 100.000 |
| (b) Concrete wall, 10 cm. thick. | " 50.000 |

2. The Assistant District Commissioner in forwarding a letter copy attached from the owner, writes as follows :-

"The owner of the land is not prepared to renew the lease of this site. I enclose a letter addressed to you through this office on this subject.

Unless Government is prepared to resort to expropriation in this matter, which I do not recommend, no further action can be taken".

Subject:- Office Accommodation - Agricultural
Inspector and Stock Inspector - Tulkarm.
Reference: Your 36/3/8 of 29-8-40.

The Director of Agriculture and Fisheries has taken steps to obtain an estimate of the minor repairs required in respect of this hiring.

2. As regards para 1 of the Veterinary Officer's letter referred to in para 3 of your letter under reference, it appears that the officer was under the erroneous impression that a new lease was signed in January, 1940, whilst in actual fact Government had only an option of cancellation at that time. Neither the District Officer nor the Assistant District Commissioner, could then persuade the landlord to effect the repairs.

3. The fact that the building was unoccupied was not reported to this Commission was due to an oversight by the Department concerned.

4. For some time during the disturbances the posts of Agricultural Inspector and Stock Inspector were closed and the premises were left unoccupied with the exception of one room, occupied by the Forest Ranger, who still uses it. Both Inspectors are now accommodated at the premises of the Old District Offices, which is * State Domain.

5. This matter has been put on the agenda for the next meeting of the District Housing Commission.

subject: Ref. No. 194 - lease agreement.

Sir,

I beg to state that I have already applied to you for cancelling the agreement of lease made between us in respect of central prison well dug in my land of Faroun village. Unfortunately up till the present, I got no definite answer. The A. D. C., Tulkarem, however, spoke to me verbally in this behalf on 27/7/40 and I expressly informed him that I am unwilling to renew the lease and requested that I would be let into possession. Moreover, P. W. D. authorities here, inspected the well very recently and I knew not what for.

What I would like to stress here in this connection, is that I don't want to renew the lease any more in the 1st place and be let into possession eight away in the 2nd place.

please take notice of my wish and let me know your final instructions in this respect.
waiting your urgent measures,

I have the honour to be,

The Military have informed me that they have no
immediate use for the well. They suggest however, that the
well should be put in order, as it might be of future value.

2. I do not recommend that any expenditure be incurred
over this well until absolutely necessary.

Subject:- Central Prison well in Faroun
village, Tulkarm Sub-District.I transmit herewith a copy of a letter
No. 36/3/8, dated 14-6-40, addressed by the Chairman, Central
Housing Commission to the Chief Secretary, on the subject of a
well on the proposed prison site near Faroun village, Tulkarm
Sub-District.2. The well and the land around it (some 1053 sq.
metres) have been leased by Government on a yearly basis since the
boring of the well in 1932. As the prison has not yet been built
it was suggested that the well and the land should be returned
to the owner. However, Government have authorised the Director of
Public Works to renew the lease each year until the end of the war.3. I am to ask you, therefore, whether the well
in question might be used to advantage by the military, after
the necessary repairs have been effected.

Temporary additional police dispositions were provided for the protection of the Southern portion of the Railway, i.e. from Lydda to Rafa, as a definite war measure and when the personnel for such dispositions were enlisted, certain Army hutting at Lydda Railway Station was made available by the Army for their accommodation. No other accommodation could be procured for the purpose.

2. The accommodation consists of a store, office, recreation room, dormitory accommodation for 50 men, kitchen, lavatories and ablution huts.

3. No other Military hutments are at present occupied by any temporary additional police employed on Railway protection, but a hut was occupied by Railway police at Tulkarm for approximately 16 months. This has been evacuated some six weeks ago and I do not anticipate any claim for rent will be submitted in respect of the period of occupation.

4. Certain Railway property is occupied by temporary additional police for Railway protection along the whole of the line where dispositions are posted, but I do not think any claim will be made by the General Manager, Palestine Railways, for this accommodation.

5. I have made no special provision for funds to meet the claim of the Force Billeting Officer for the rent demanded in Debit Voucher No.407/FBO of the 11th June, 1940, which is returned to you herewith.

Subject : Office Accommodation - Agricultural
Inspector & Stock Inspector - Tulkarm.

Reference: A.D.C. Tulkarm's letter No.311 of 24.8.40.

The above with enclosure appear to refer to hiring No.55 Tulkarm. The last lease was drawn up in 1938 by the A.D.C. Tulkarm for three years as from 1st Moharram 1357 (3.3.1938) on the request of the Director of Agriculture and Fisheries. The following letters refer :-

- a) My 36/3/8 of 10.12.1937 to Director of Agriculture and Fisheries with copy to A.D.C. Samarra.
- b) Director of Agriculture & Fisheries' letter 8/8 of 13.12.1937 to me.
- c) My 36/3/8 of 17.12.1937 to A.D.C. Samarra with copy to D.O. Tulkarm.
- d) A.D.C. Tulkarm's 12/23 of 17.1.1938 to A.D.C. Samarra.
- e) A.D.C. Samarra's T/140/72 of 19.1.1938 to me with copy to A.D.C. Tulkarm.
- f) My 36/3/8 of 22.1.1938 to A.D.C. Samarra with copy to A.D.C. Tulkarm.

2. From the above quoted letters it appears that Veterinary Officer's statement that "a lease was signed in 1940", and the A.D.C. Tulkarm's statement that "the lease was drawn up by this office" are both incorrect.

3. It is news to me that the premises are now unoccupied and that we have been paying rent for unoccupied premises. The installation of iron bars to windows and doors does not appear to be a work to be asked for from the lessor. This is a minor new work for which the Director of Agriculture and Fisheries, if he considers it necessary, has to apply for from the Director of Public Works in accordance with G.R. 316 - after obtaining the estimated cost.

4. I am not aware what action the D.O. Tulkarm took on the letter referred to in para 1 of the Veterinary Officer's letter nor do I know what repairs and essential

P. T. O.

additions" the Agriculture ~~and~~ Inspector and Stock Inspector enumerated therein. The proper course would have been to consult the District Engineer Nablus District who is the representative of the Director of Public Works.

5. Where are these Inspectors now accommodated? Please take any action you may deem necessary and bring this item for discussion in the next meeting of your District Housing Committee.

Assistant District Commissioner,
Tulkarm.

I beg to refer to letter No. AG/T/7 dated 23.1.40 submitted jointly to District Officer, Tulkarm by the Agricultural Inspector and Stock Inspector, Tulkarm. In this letter they drew the attention of the District Officer that before a contract is signed for hiring the premises of Rasim Eff. Kamala of Tulkarm, as office accommodation for them, the latter should be asked to carry out certain repairs and essential additions which they had there enumerated.

2. As far as I have ascertained a contract has been signed in respect of the same building in question for a period involving the current Hejira year, but none of the repairs has been effected. Meanwhile the premises were left unoccupied since Muharram last; a period of five months elapsed.

3. The point I wish to arrive at, is whether the terms of the contract concluded would allow of any action be taken at the present time of the year for carrying out the repairs and additions required, by the landlord, or else by the P.W.D. If either probabilities is impossible, will you please say whether you agree to the apprehension of the Agricultural Inspector and Stock Inspector that it is dangerous, in fear of theft or acts of sabotage, to occupy the said premises in its present condition.

4. The two officers to occupy the building state that unless the wide openings left over the external doors are reinforced with iron bars, an easy access of robbers and evils to the house is sure.

District Commissioner,

Subject: Lease of Farid Ismail el-Jayusi's land
at Faroun village - Tulkarm sub district.

I am directed to address you on the following matter.

In 1932 a well was sunk by the Department of Public Works on a piece of land in Faroun village - Tulkarm sub-district in which vicinity it was intended to erect a central prison. The expenditure incurred in this respect amounted to £P.1,000 approximately, and as there was some doubt at the time as to whether a central prison was to be erected on the site in question the Director of Public Works was authorised to lease from the owner, Farid Ismail el-Jayusi, the area occupied by the well and debris, namely some 1053 sq. metres.

2. According to the lease agreement the annula rental of the land in question is £P.1 and Government has a yearly option to renew the lease. The existing lease will expire

No. 304:400 on the 30th April, 1941, but the Director of Public Works has been authorised to renew these yearly leases for the duration of the war, at the end of which the position will be reviewed.

3. I attach hereto copy of a letter from the Chairman, Central Housing Commission, showing the present condition of the well; and I am to request you to bring this information to the notice of the military authorities with a view to ascertaining whether the well in question could be used to advantage by them.

2. The lease forms are returned herewith. No rent has been quoted on the forms and the space provided therefor has been left blank. The date of expiration 29th January 1941 does not appear to be identical with the request of the Chairman, D.H.C. Samaria, in his 712 of 17.8.40. Is there any reason? The word "quarterly" in line 9 of clause 1 appears to be superfluous so long as the rent has to be paid for at least three quarters from 20.2.40 up to the present date. Clause 2 is also redundant and must be deleted.

3. A Schedule of Condition and a billet inventory of the premises signed by all concerned must accompany the lease forms.

With reference to your letter W/157/32 of 28.6.40 with regard to a well constructed in 1932 at the site of the proposed site for a Central Prison near Faroun Village by Tulkarm the following information has now been obtained :-

- (a) No water can be extracted because of some 3 meters of debris at the bottom, to clear this would cost about LP.30.
- (b) The well has not been used since constructed in 1932.
- (c) The Inspector-General of Police states the well is not required for his services neither does the D.P.W. such require it. On the other hand the District Engineer reports that on a short test period the yield in 1932 was 25-30 M3 per hour and such a supply might prove of value to the military.

2. It will be remembered that Government has spent nearly LP.1,000 on this boring and the annual rental is almost nominal at LP.1.

(4) Additional Police Accommodation in Tulkarm
House of Faleh Abu Sharifeh.

*Original in
36/24/6.*

In a letter to the Central Housing Commission No. P.64/123/2 of 28.3.40, the Inspector-General of Police indicated the urgent necessity to provide additional police accommodation at Tulkarm. This building of which the rental is LP. 40 p.a. was considered suitable provided the landlord carried out the repairs listed by the Public Works Department and the Medical Officer. Owing to a misapprehension it was first thought that the landlord agreed to effect these repairs, it was first transpired that he had refused to carry out the internal repairs recommended by the senior Medical Officer. These repairs cost LP. 8 and Government has agreed to meet this cost.

The original intnetion was to draw up a lease on a monthly basis for six months with option or renewal. The Chairman stated that the owner had insisted on a lease agreement being drawn up for a year and not for six months. As the building had already been occupied by the Police for the past six months, no rental having been paid, this was considered entirely reasonable.

RESOLUTION. The committee approved the drawing up of a lease agreement for a period of one year - the Secretary to take action accordingly.

(8)

Opthalmic Clinic at Zeita - Hiring
No. 44 Tulkarm.

The lease of this building expired on 30.6.40. The Director of Medical Services desired the lease to be renewed for a period of one year. The lease agreement is being completed.

RESOLUTION: The committee approved the renewal of this lease on the above terms.

With reference to your letter dated 27-4-1940 to the Assistant District Commissioner, Tulkarm, please note that the rent has been scheduled for payment to the lessor after deducting therefrom the sum of LP.3.867 mils which has been placed on the deposit account of the lessor with you. A copy of the O.C.V. has been forwarded to you. When the Sub-Accountant, Tulkarm, pays the rent, he will please inform you of the No. and date of the voucher under which the sum of LP.3.867 mils has been brought to account. You will then be able to put the work in hand and pass your bills accordingly. If the works have already been carried out and paid for from your vote for Maintenance of Buildings you will have to apply to the Director of Public Works for adjustment in the usual manner.

Reffering to my letter No.1/10/2 of 22.11.39, I complained that the shutter was in a dilapidated condition. This word dilapidated can hardly infer that the door was damaged by a lorry, but suggests that the door was worn out, rusted through and generally dilapidated. As the Landlord thinks that the door was further damaged by a lorry backing into it - which fact I do not admit although it seems probable, I feel that a compromise could be made by the landlord paying for half and for P.W.D. to pay the other half. Please let me know if you agree to this and whether you can persuade the landlord to agree also.

The landlord has refused to carry out the internal repairs and additions recommended by the Medical Officer of Health, Tulkarm, the particulars of which are as follows:-

- (a) The provision of gyser for the bath.
- (b) The installation of a second shower in the bath-room.
- (c) The provision of a second sink in the bath-room.

2. The approximate cost of these improvements is LP.8.--. As there is no other alternative, I suggest that this amount be met from the funds of improvements to British Police Billets under P.W. Extraordinary which is controlled by Public Works Department.

3. I am requesting the Inspector General to confirm the above and state the period for which the lease is to be drawn up.

4th June, 1940.

The question now arises of the renewal of the lease of the land occupied in the sinking of a well for the proposed prison at Tulkarm (Irtah village) referred to in your W/157/32 of 20 March 1933.

2. The Inspector General has confirmed as recently as the 22nd ~~ult.~~ that no provision is being made for either police or prison accommodation in the neighbourhood. On the other hand Government has spent LP.970 on the construction of this well and further expenditure may be necessary if the well is to be used. The consideration of the lease is LP.1 p.a. for 10 years in respect of 1 dunam and 56 metres approximately.

3. Will you please direct as to the action to be taken by this office. The original copy of the lease is forwarded herewith for perusal and return please.

I agree that continuation of the lease is a waste of money.

2. The question of ownership of the well remains to be solved. In your letter No.36/3/38 dated 24.5.33 it is clearly stated that the well does not belong to Farid Eff. This appears to be an instance of wishful thinking since the District Officer in his letter No.14/33 dated 20.6.33 addressed to you definitely states that Farid Eff. did not admit Government ownership of the well. This letter never appears to have been answered. But a lease was signed and actually in the copy dated 14.6.34 which I have it is stated that the land is for the purpose of a Government well. This might constitute an admission on the part of Farid Eff. On the other hand Farid Eff. has never paid the 50 Mils p.a. for use of the well mentioned in your letter No.36/3/38. Further Government entered on Farid Eff.'s land and started to work some time before any agreement was made.

3. The land is Miri and I think Farid Eff.'s rights therefore only extend to the surface of the land; the well itself is possibly Mulk and since it was snuk by Government it is

presumably the Mulk property of Government. P.32 Land Law of Palestine is relevant.

4. But Farid Eff. states that the well requires further expenditure before it can be used; I understand that Farid Eff. will undertake this work and will use the water for irrigating the land. This seems very desirable and since the project of building a prison here seems to have been entirely abandoned if the amount spent on sinking the well is not large I think Government might abandon its claim.

The above is a piece of land leased on the instruction of Government since 1.5.30 from Farid Ismail el Jayousi at LP.1 p.a. for the purpose of sinking a well at site of the Central Prison near Irtah Village. Government has had the option of renewal of the lease yearly, and the last lease expires on 30.4.40.

2. Considerable public money was expended by P.W.D. on sinking the well in 1930-1931 and the site has been reserved for the purpose it has been leased for.

3. On 29.3.40 the lessor, Farid Eff. Ismail el Jayousi wrote as follows :-

" By the above mentioned agreement you took over on lease for purposes connected with Central prison well my land situated in Far'un village more particularly described in said agreement as from 1st day of May 1937 - 30th day of April 1940. Whereas no works have been carried out on said land

besides the deserted well and

Whereas the land is being left idle and

Whereas I intend to carry out works more fruitful on said land; application is therefore hereby made to you requesting that you may hand me over the land (well worked out) and give me the opportunity of benefit from my own property by better future works by cancelling the above mentioned lease.

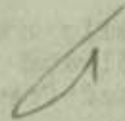

Hoping that it will meet with your kind approval. "

4. When asked by me about the future policy as regards the construction of a Central Prison in that locality, the Inspector-General of Police, in his J.1/177 of 6.4.40, wrote as follows :-

" There is no indication that this project will be proceeded with in the early future and subject to the Director of Public Works' approval I suggest the lease might be surrendered. "

Subject:- Police accommodation - Tulkarm.

It is urgently necessary to provide additional accommodation at Tulkarm in view of the expansion of the Force. A building owned by Falah Abu Sharifeh, contiguous to the police compound will provide the required accommodation.

2. The landlord requires £P.40 rent per annum and is willing to carry out all repairs and renewals as suggested by the Public Works Department and Medical Officer.

3. I attach particulars of the premises and shall be glad if you will authorise the Chairman, District Housing Committee, Samaria, to negotiate an early lease.

4. Reports of Medical Officer, Tulkarm, and District Engineer, Samaria, in original are enclosed. I have no alternative to this proposal.

Subject :- Hiring No.53 Tulkarm - P.W.D. Office.

The last lease in respect of these premises expired on 31.3.39 P.W.D. having already evacuated. At the time of expiry neither the lessor nor any accredited representative of his was at hand to take over the premises from the lessees. That such was the case was in no way due to the lessee. Therefore this lease automatically expires. Art.594 of Mejelle refers.

2. Government went into occupation of these premises again on the 21st November, 1939 but instead of accepting a lease as from this date he insists on renewal as from 1.4.39. Such a lease is inadmissible and such a situation is intolerable.

P.T.O.

3. It is therefore suggested that if the lessor remains adamant the premises be evacuated forthwith and the local P.W.D. representative housed as conveniently as possible elsewhere.

Subject : Tulkarm hirings.

There are now two hirings at Tulkarm the lease of which expired at the end of Hil Higjah 1358 and have not yet been renewed. One is the Sharia Court (No. 54 Tulkarm) and the other is the Post Office (No. 75 Tulkarm).

As the rents are now over due and I am anxious to settle all matters before the end of the current financial year, I shall be glad if early steps be taken to have the submission of the lease forms and relevant schedules and inventories expedited.

Chairman, Central Housing Commission,
Jerusalem.

Subject :- Tulkarm No. 33 - Customs Office.

Reference :- Your 36/3/8 of 4.1.40

My records shew that on closing down of the Customs Office, the keys of the premises were taken away by the Customs Department to Haifa.

2. In my letter 1/8/2 of 12.1.39 to Director of Customs, copy to you, I requested return of the keys.
3. Keys were sent to me under cover of Director of Customs's letter 3419/38 of 28.1.39 and received on or after 30.1.39.
4. Premises were handed back to owner on 5.2.39.
5. In the circumstances it appears that delay is partly due to Customs Department failing to evacuate; failure no doubt arising from abnormal conditions in the country at the time in question.

Subject : Customs House, Tulkarm No.33.

With reference to the attached letter No.464 of 27-12-1939 by the District Officer, Tulkarm, it would appear from your letter No.1/8/2 of 13-2-1939 that the owner is correct in his statement that the hiring was not handed over to him until 5-2-1939 whereas the lease expired on 1-1-1939.

2. Will you please let me have what information in your possession and your observations as to whether the amount in question is fairly chargeable to Housing or arose through the Customs Department failing to evacuate.

3. The disturbances may of course have had some bearing on this.

Subject : House occupied by the British
Police at Tulkarm - Application
No. 36/3/3. 7h

Following my letter to you dated 11-12-1939
regarding the repairs to the said house -

My agent at Tulkarm Muhammad Eff. Abdel Halim
informs me that the house needs repairs in the
electric installation, the bath etc., and that he
is unable to offer it for rent until the repairs
are carried out as it is not reasonable that a
new tenant will bind himself with a contract
until he insures its repair before he occupies it
by the beginning of Moharrem.

The season for rents is drawing to its end
and I request that instructions to the District
Engineer or the Foreman in charge Tulkarm be sent
as early as possible in order that he may inspect
and carry out the repairs and hand it to my client
in its former condition.

May I draw your attention to the fact that so
long as the repairs are not made good no tenant
would occupy the house and thus the house remains
unleased for the next year. I am sure your
conscience does not admit this to take place. I
shall be obliged if you will be good enough to
give effect to my request. Awaiting your reply
I beg to submit my respects.

Is there any file
on Sabotage —
perhaps the T. K. P. O.

A.C.O.

There is a Sabotage File
and I looked through it but
found no report from Denab
re Tulcarem P.O. It is also not
included in Denab's list of
sabotaged buildings requiring
repair — fo. 144b in File 11 No. 3,
att'd-7, and as a private individual

now wants to lease the building
it may safely be assumed that
the building was not sabotaged.

From fo. 210 in File 11/4,
att'd., a copy of which was at
the time filed in the housing
File - fo. 175A therein - it
would appear that the Culharen
P.O. was to be moved, on
security grounds to the ex

another State Domain, but
I could find nothing
to show that the move
actually took place.

The agreement sent to me by the Commissioner for Lands and Surveys under cover of his letter No.D/Tul/5 of 26.6.39 is made at the rent of LP.10 p.a. I am not aware how the District Officer Tulkarm brought this figure up to LP.11.330 mils.

201 in 9

The statement made in your para 1 is noted. As letter No.D/Tul/5 of 16.6.39 from the Commissioner for Lands and Surveys to D.O. Tulkarm indicated that rent had not been paid by Mr.Jarrar as from January 1939 I asked you to commence making deductions from his salary from 1.1.39. It would therefore be far better if this request remains unchanged and the amount of LP.5.500 be refunded to Mr. Jarrar by the D.O. Tulkarm who received such payment. You may take the matter up with the D.O. Tulkarm direct as the same is not the concern of this Commission.

The letters of the Asst. District Commissioner Tulkarm clearly indicate that the owner flatly declines to carry out the work unless he is paid for it. The premises are occupied by your Department without a lease and you are committed to pay the rent.

2. I regret I am unable to ask the Asst. District Commissioner Tulkarm to approach the lessor again as regards carrying out the work.

Subject :- Post Office Tulkarm.

Reference:- 36/3/8 of 8/7/39.

It has always been the practice for owners of premises on first occupation by this Department to decorate internally and externally in accordance with the Post Office standard colour scheme and there would not seem to be any grounds for variation in this instance.

The standard scheme is as follows :-

PAINTING -

Wood work (including doors, windows, partitions etc.)

Furniture & Fittings (including Post Office Boxes, counters, cupboards, telephone cabinets and all articles visible from the Public Hall).

- (a) Framing mid-green No.S.E.G.9156
- (b) Panels peacock-green No.S.E.G.9155.

Walls -

Lower walls up to a height 1.10 metres (dado) chrome-green No.S.E.G. K.F.1581.

COLOUR WASHING -

Upper walls "Nayrodec" No.KW.1943 apple green.

WHITEWASHING -

Ceiling - The whole ceiling to be whitewashed.

The abovementioned paints and colour washing are obtainable from Messrs. Imperial Chemical Industries (Levant) Ltd. Haifa, and Jaffa The Agent in Jerusalem is L. Slowes.
